📍 Prayagraj UP

SUMMARY

Hi, I'm Aditya Gupta — a 4th-year B.Tech Computer Science and engineering student passionate about web development, coding, and learning new technologies every day.I enjoy building user-friendly and responsive websites using HTML, CSS, JavaScript, and exploring frameworks like React. I'm also growing my skills in version control (Git), and continuously working on personal and academic projects to improve my problem-solving and coding abilities.Whether it's front-end design or learning backend development, I love turning ideas into working solutions. I'm currently looking to connect with professionals, collaborate on projects, and explore internship opportunities to grow in the tech world.Tech Skills:HTML | CSS | JavaScript | Git | Responsive Design | React (Learning)What I'm Currently Doing: Building web projects, Improving coding logic, Learning new tools and technologies, Open to internships and collaborationLet's connect and grow together!

EDUCATION

Bachelor of Technology - BTech, Cse

At mviet
